### **QUEBECOR INC. AND ITS SUBSIDIARIES** NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

For the three-month and six-month periods ended June 30, 2013 and 2012 (tabular amounts in millions of Canadian dollars, except for per share data and option data) (unaudited)

Quebecor Inc. ("Quebecor" or the "Corporation") is incorporated under the laws of Québec. The Corporation's head office and registered office is located at 612 rue Saint-Jacques, Montréal (Québec), Canada. Quebecor is a holding corporation with interests in Quebecor Media Inc. ("Quebecor Media") and in subsidiaries controlled by Quebecor Media.

The Corporation is engaged, through its subsidiaries, in the following industry segments: Telecommunications, News Media, Broadcasting, Leisure and Entertainment, and Interactive Technologies and Communications. The Telecommunications segment offers television distribution, Internet, business solutions, cable and mobile telephony services in Canada and operates in the rental of movies and televisual products through its video-on-demand service and its distribution and rental stores. The News Media segment produces original content in Canada for all of Quebecor Media's platforms. Its operations include the printing, publishing and distribution of daily newspapers, weekly newspapers and commercial inserts in Canada, the operation of Internet sites in Canada, including French- and English-language portals and specialized sites, and the operation of out-of-home advertising. The Broadcasting segment operates general-interest television networks, specialized television networks, magazine publishing, and movie distribution businesses in Canada. The Leisure and Entertainment segment combines book publishing and distribution, retail sales of CDs, books, DVDs and Blu-ray discs, musical instruments and magazines in Canada, online sales of downloadable music and books, music streaming service, music production and distribution in Canada, video game development, operation of a Quebec Major Junior Hockey League team and sporting and cultural events management. The Interactive Technologies and Communications segment offers e-commerce solutions through a combination of strategies, technology integration, IP solutions and creativity on the Internet and is active in Canada, the United States, Europe and Asia.

Some of the Corporation's segments experience significant seasonality due, among other factors, to seasonal advertising patterns and influences on people's viewing, reading and listening habits. Because the Corporation depends on the sale of advertising for a significant portion of its revenue, operating results are also sensitive to prevailing economic conditions, including changes in local, regional and national economic conditions, particularly as they may affect advertising expenditures. In addition, in some of the Corporation's segments, a component of sales is based on one-time retail transactions rather than subscriptions or long-term agreements, and therefore is influenced by vulnerability to seasonal weather conditions. Accordingly, the results of operations for interim periods should not necessarily be considered indicative of full-year results due to the seasonality of certain operations.

#### 1. BASIS OF PRESENTATION

These consolidated financial statements have been prepared in accordance with International Financial Reporting Standards ("IFRS") as issued by the International Accounting Standards Board ("IASB"), except that they do not include all disclosures required under IFRS for annual consolidated financial statements. In particular, these consolidated financial statements were prepared in accordance with IAS 34, *Interim Financial Reporting*, and accordingly, they are condensed consolidated financial statements. These condensed consolidated financial statements should be read in conjunction with the Corporation's 2012 annual consolidated financial statements, which contain a description of the accounting policies used in the preparation of these financial statements.

These condensed consolidated financial statements were approved for issue by the Board of Directors of Quebecor on August 7, 2013.

Comparative figures for previous periods have been restated to conform to the presentation adopted for the three-month and six-month periods ended June 30, 2013.

#### 2. CHANGES IN ACCOUNTING POLICIES

On January 1, 2013, the Corporation adopted retrospectively the following standards. Unless otherwise indicated, the adoption of these new standards did not have a material impact on prior period comparative figures.

- (i) IFRS 10 Consolidated Financial Statements replaces SIC 12 Consolidation Special Purpose Entities and parts of IAS 27 Consolidated and Separate Financial Statements and provides additional guidance regarding the concept of control as the determining factor in whether an entity should be included in the consolidated financial statements of the parent corporation.
- (ii) IFRS 11 Joint Arrangements replaces IAS 31 Interests in Joint Ventures with guidance that focuses on the rights and obligations of the arrangement, rather than its legal form. It also withdraws the option to proportionately consolidate an entity's interest in joint ventures. The new standard requires that such interests be recognized using the equity method. The following table summarizes the adjustments that were recorded in the consolidated statements of income for the prior period comparative figures:

Increase (decrease)	Three months June 3	s ended 0, 2012	Six months June 30	
Revenues	\$	(1.8)	\$	(4.2)
Purchase of goods and services		(1.1)		(2.5)
Financial expenses		(0.7)		(1.7)
Income from continuing operations	\$	-	\$	_

- (iii) IFRS 12 *Disclosure of Interests in Other Entities* is a new and comprehensive standard on disclosure requirements for all forms of interests in other entities, including joint arrangements, associates, special purpose entities and other off-balance sheet vehicles.
- (iv) IFRS 13 *Fair Value Measurement* is a new and comprehensive standard that sets out a framework for measuring at fair value and that provides guidance on required disclosures about fair value measurements.
- (v) IAS 1 Presentation of Financial Statements was amended and the principal change resulting from amendments to this standard is the requirement to present separately other comprehensive items that may be reclassified to income and other comprehensive items that will not be reclassified to income.
- (vi) IAS 19 Employee Benefits (Amended) involves, among other changes, the immediate recognition of the re-measurement component in other comprehensive income, thereby removing the accounting option previously available in IAS 19 to recognize or to defer recognition of changes in defined benefit obligations and in the fair value of plan assets directly in the consolidated statement of income. IAS 19 also introduces a net interest approach that replaces the expected return on assets and interest costs on the defined benefit obligation with a single net interest component determined by multiplying the net defined benefit liability or asset by the discount rate used to determine the defined benefit obligation. In addition, all past service costs are required to be recognized in profit or loss when the employee benefit plan is amended and no longer spread over any future service period. IAS 19 also allows amounts recorded in other comprehensive income to be recognized either immediately in retained earnings or as a separate category within equity. The Corporation chose to recognize amounts recorded in other comprehensive income in accumulated other comprehensive income.
