Detailed Financial Information

For a detailed analysis of Quebecor Inc.'s results for the second quarter of 2010, please refer to the Management Discussion and Analysis and consolidated financial statements of Quebecor Inc., available on the Company's website at http://www.quebecor.com/InvestorCenter/QIQuarterlyReports.aspx or from the SEDAR filing service at http://www.sedar.com.

Non-GAAP Financial Measures

The Company uses certain financial measures that are not calculated in accordance with Canadian generally accepted accounting principles ("Canadian GAAP") to assess its financial performance. The Company uses these non-GAAP financial measures, such as operating income (EBITDA), adjusted income from continuing operating activities, cash flows from segment operations, free cash flows from operations and average revenue per user ("ARPU"), because the Company believes that they are meaningful measures of its performance. Its method of calculating these non-GAAP financial measures may differ from the methods used by other companies and, as a result, the non-GAAP financial measures presented in this document may not be comparable to other similarly titled measures disclosed by other companies. We refer investors to our second quarter of 2010 Management Discussion and Analysis under "Non-GAAP Financial Measures" for a complete description of these measures as well as a reconciliation to the most directly comparable measure calculated in accordance with GAAP.
